WEDNESDAY, FEBRUARY 22, 1934.  
**Editorial**

**BUT THERE'S STILL ROOM FOR IMPROVEMENT**  
Ald. W. S. W. Bress, as Chairman of Lindsay's Works Dept., reported to fellow councillors this week that he had been told Lindsay's streets were cleared of snow better than any other place his informant had seen. This was a nice compliment to be paid and it indicates that many municipalities are not as fortunate as Lindsay when it comes to snow removal.  
We are glad to hear that the snow is melting so good the job is being done now there is always room for improvement.

While on this morning, Queen Street, while adequately plowed out and passable for traffic was nevertheless somewhat dangerous to drive along. The road was ploughed close to the pavement, and the snow which was piled up was lifted and rolled, creating the risk of a sideways skid. This would indicate a need for more efficient curb-line snow removal, a job which is often neglected. This parking lot is a case in point. It is remedied if adequate anti-parking regulations are put into effect during the months when snow removal is in progress.

While on this subject, it has become the custom in some parts of town to park not only on the roadway but on the sidewalk as well. This is the case on Victoria Ave. N. in that block on the right hand side of the street between Kent and Peel Sts. Cars have frequently been noticed parked on sidewalks in other parts of the town, causing the pedestrians some inconvenience.  
Shall we now proceed to remedy some of these conditions which are in need of attention?

**Others Say . . .**

**THIS CURIOUS WORLD**  
Coffee is drunk with meals, and often in lieu of meals. So apparently most people consider it a food. Yet coffee is a Federal sales tax, from which coffee is purported to be exempt. Hence in such successive rise of coffee prices (another is now in sight) Canadian coffee drinkers pay a compounded penalty as compared with their fellow coffee drinkers in the United States.

Part of the penalty is the tax. Tariffs for revenue have never been the proud boast of the Government that invited them; they were always "protective" tariffs. So presumably our coffee tariff (on which we also pay the sales tax) is to protect our vast coffee plantations. Or, if these are not vast, perhaps not even exist, maybe the coffee tariff is a protection for job, if we had any tea plantations. Since we haven't and since we also have a tariff on tea if foreign-grown, would this tea tariff be a protection for our protective-paying coffee: or at least for the food and sales tax thereon? Or is it just where we're sitting?

In any case, only a few years ago it seems to have been older still, when Ottawa was collecting four to eight cents a pound duty on tea and subsidizing it ten cents a pound; and was collecting three cents a pound duty on coffee while subsidizing it four cents a pound.  
—The Globe and Mail.

**Thanks Tendered Mrs. R. Weldon For 31 Years As W.M.S. Treasurer**

On Friday (1933) The annual congregational meeting of the Central Methodist Church was held. Mrs. R. Weldon was thanked for her 31 years of service as W.M.S. Treasurer. She was a devoted and efficient officer and her service was greatly appreciated by the congregation.

The Weldon's Monday's report was given by Mr. Richard Weldon. He reported a hearty vote of thanks to Mrs. Weldon for her 31 years of service as W.M.S. Treasurer. He also reported on the W.M.S. activities for the past year.

**That Body of Yours**

By James W. Burton, D.D.  
Surgical Correction of Defects in Children  
"It happens to some homes that a child is born with a defect which will not undergo his life but nevertheless may seriously handicap the development and growth of the child if allowed to remain uncorrected."

The time for the surgical removal of a hernia is from four to six weeks of age, the month of age is the best time for the operation. The operation should be performed by a specialist in the field.

Mr. and Mrs. George Trux and Mrs. and Mrs. George Trux were Sunday visitors of Mr. and Mrs. Jack Peck. Mr. and Mrs. George Trux were Sunday visitors of Mr. and Mrs. Jack Peck.

Young People's Activities

The weekly meeting of St. Andrew's C. G. T. was held in the Sunday school room with a good attendance. The meeting was opened with a song followed by the C. G. T. hymn. The plans were repeated, followed by the Lord's Prayer union.

Bonnie Bolderston read the scripture. A prayer by Margaret Pollock. The girls took turns in reading the story. The collection was taken and the minutes of the previous meeting were read and approved. It was decided that instead of a meeting on February 24 the girls would see a play at the Town Hall. Miss Cooper distributed the plans for the play which the C.G.T. are going to sponsor soon.

The girls played some games and the meeting adjourned with "waps."

Two Meetings Held by Serving Club Powrie Corner (PNS) - The fifth meeting of the Powrie Corner Serving Club was held at the home of the Burnie Gills with all members present. There were seven together and plans made in jumping, football, basketball, and other games were given out by John Binnie. Lindsay was served by Herbert L. her brother.

The sixth meeting was held in the Town Church Sunday school room with two members absent. Zippert were insured, plans were made in jumping and top parts were to jumpers. The meeting closed and everyone had lunch of sandwiches, cake and tea. The next meeting will be held at the home of Mrs. Maryanne Moore.

Newscamera Records Accidents Around The World

After CRASHING four other unoccupied automobiles this huge 20-ton United States plane is test on top of the 1000 ft. tall tower of the Empire State Building. The plane is owned by the U.S. Army and is being used to test the strength of the building.

11th Armored Cavalry, California National Guard, was on duty at the time of the crash. The plane was flying at an altitude of 10,000 feet when it crashed into the tower. The crash caused a fire in the tower and the plane was destroyed.

More film play an extra in one of the scenes. Movie fans who enjoy an eye peep for the pretty director who always shows up in a scene in his picture. For "Rear Window" he will appear as a guest in a party in the apartment of a couple, portrayed by Robert Montgomery and Grace Kelly.

Hitchcock's latest thriller is called "Rear Window". In this story of a husband who is confined to his apartment because of a broken leg. From his window he observes life in the apartment across the street. One day he thinks he sees a tenant, Raymond Burr, murder his would wife. However, then has the task of proving to the police that he is right.

Playmate Stewart has had to live the life of an invalid. There are the joys of travelling, there are the joys of watching him around the house set and changing the cast on his leg whenever needed.

Jimmy Stewart had to live the life of an invalid. There are the joys of travelling, there are the joys of watching him around the house set and changing the cast on his leg whenever needed.

Deal Trademark Director Hitchcock, as usual, will have his trademark on this film.

Now if a few news items from around the cinema capital:

Hitchcock might be the director for voicing on nomination for the 38th Annual American Awards. All members of the motion picture industry have been talking their nomination chances and the results will be announced February 18th.

Willi Walling talks will be heard in March. Motion City is enjoying a boom in motion picture employment. Poor Hollywood news will be filled there starting next month.

Mr. and Mrs. Mahood have been to the Centre County Fair at their home, R.R. 4, Orono.

Mr. Victor Callahan led in the discussion period and the subject selected was "Lend credit assistance to Canada."

Cats were played after the talk by Helen Ford and Mrs. M. M. Carroll and second to Mr. V. Bullock, while Mrs. M. M. Carroll and the one on selection to Willie O'Neil.

Next meeting is to be held at the home of Mr. and Mrs. Delaney at 1000 St. Joe.

Next meeting for the evening were Mr. Albert Carroll and Mrs. V. Bullock.

How Can I?

By Anne Ascher

Q. How can I prevent frost from collecting on my window this winter?

A. Rub alcohol or salt water on the outside of the glass, and then polish with newspaper or a dry cloth.

Q. How can I clean pearls and answer beads?

A. Rub olive oil on them with a piece of flannel or chamois. Go easy on the amount of oil and the pressure of your rubbing.

From Nine to Five

By Jo Fisher

THOUGHTS MOVE in to take over the Spanish ship 100 Miles. Thought breaks away from her. Thinks move away and strike the fence. The bridge was closed to traffic for several hours after the accident.

Superior to Furbush?

It may seem strange... but experienced farmers indicate that a true first-class cross-bred lamb from Cheviot and Leicester ewes are superior to the pure bred lambs of either breed.

True or false?

# Alleges Some Grocers Here Selling Food on Sundays, Mostly From Back Door

The proprietor of Crown's Bakery in a letter to Council has charged that some grocers in Lindsay are selling food on Sunday, "mostly on the back door." Council has a list of these grocers. It was told that the grocers would have the names of the grocers on the list. The grocers are selling food on Sunday, mostly from the back door. The grocers are selling food on Sunday, mostly from the back door.

# Burns Newspaper In Lock-up, Order Supervision Of Transients

The master of the house supervision of the transients in the Town Hall was finally decided at Monday night's council meeting. It was decided that the transients should be supervised by the Police supervisor, and not by the master of the house.

# Agree To Give Brewers' Land

The collectors for the Brewers' Association of Lindsay have agreed to give the land to the Town Council. The land is located on the corner of Kent Street and is now owned by the Brewers' Association. The Town Council has agreed to take the land and use it for a public purpose.

# Hockey Player Loses Left Eye

Orville, 26, a defenseman on the Lindsay Junior B hockey team, lost his left eye today after he was hit by a puck in a game in Orville. The injury was serious and he is now in the hospital. The hockey team is very sad to hear of this.

# Lewis Gordon Again Chairman

Water Board To Amend By-law, Charge From Main To House

The Board of Water Commissioners at their inaugural January meeting decided to amend the by-law which provides for the payment of water bills by householders when they are in arrears. The amendment would allow the water board to charge the water bill to the property owner if the householders are in arrears. This would be a significant change in the way water bills are paid.

# Water Board To Amend By-law, Charge From Main To House

The Board of Water Commissioners at their inaugural January meeting decided to amend the by-law which provides for the payment of water bills by householders when they are in arrears. The amendment would allow the water board to charge the water bill to the property owner if the householders are in arrears. This would be a significant change in the way water bills are paid.

# Bake Firm Stood On Paing

Train Wreck At Omamee

Three Bakers were killed and two others were seriously injured when a passenger train derailed at Omamee, Saskatchewan, last night. The train was carrying a large number of passengers and was traveling at a high speed. The cause of the accident is still under investigation.

# Wool Cooperative But Dissatisfied With Arrangement

Reeve of Ops Township, Sherman, said that the wool cooperative arrangement between the wool growers and the wool processors was not satisfactory. He said that the wool growers were not getting a fair price for their wool and that the wool processors were not paying enough for the wool. He said that the wool cooperative was not working as well as it should.

# Next Arbitration Sitting Set

The date for the next sitting of the Board of Arbitration to hear the case of the Lindsay Teachers' Association against the Town of Lindsay was set for next week. The case involves the teachers' salaries and working conditions. The arbitration board will hear the arguments of both sides and make a decision.

# Sewage Plant Digester Problem May Land in Department's Lap, Council Indicates At Meeting

The problem of the digester at the sewage disposal plant in Lindsay may be referred to the Department of Health, according to a statement made by the Town Council last night. The digester is having trouble and is not working properly. The Town Council is considering the best way to deal with the problem.

# Another Plug, Another Honorary

North Wind school children gave another unhesitant plaudet Tuesday, but they felt that the school was not doing enough to help the children in need. They said that the school should do more to help the children who are poor and who need help.

# To Consult Lindsay Man On Meter Repair Work; Outside Bid \$21.75 ea.

The condition of Lindsay's new 300 parking meters has been found to be such that it would be necessary to have the meters repaired. The Town Council has decided to consult a man who is an expert on meter repair work. The cost of the repair work is estimated to be \$21.75 for each meter.

# Other Way Hit, Taxi Was Not

In a story elsewhere in edition of "The Post" it was stated that a taxi driver was hit by a car. The taxi driver was injured and the car was damaged. The police are investigating the accident. The taxi driver is now in the hospital.

# Council Agrees Road Charges Appear To Have Inequalities

Mr. J. V. Grovick who wrote a letter to the last meeting of the Town Council, has pointed out that there are inequalities in the way road charges are levied. He said that some properties are paying more than others for the same amount of road work. The Town Council is considering the best way to deal with this problem.

# Arises At 5.30, Walks a Mile, 1000 Today

Orville, 26, a defenseman on the Lindsay Junior B hockey team, lost his left eye today after he was hit by a puck in a game in Orville. The injury was serious and he is now in the hospital. The hockey team is very sad to hear of this.

# Old Groundhog Casts Shadow 3 Feet Long

On Monday, February 8, 1954, the groundhog in Lindsay cast a shadow that was 3 feet long. This is a sign that winter is still with us. The groundhog is now in the ground and is safe from the cold weather.

# Wool Cooperative But Dissatisfied With Arrangement

Reeve of Ops Township, Sherman, said that the wool cooperative arrangement between the wool growers and the wool processors was not satisfactory. He said that the wool growers were not getting a fair price for their wool and that the wool processors were not paying enough for the wool. He said that the wool cooperative was not working as well as it should.

### Used To Peer In Hollow Log

A man with a beard and a grumpy expression was seen peering into a hollow log. The man was wearing a dark coat and a hat. He was standing in a wooded area and looking into the log with a curious expression. The log was hollow and the man was looking into it from a distance. The man was wearing a dark coat and a hat.

## Hodgson Asks About Lumber Imports

The Minister of Natural Resources has asked about the possibility of importing lumber from other countries. The Minister is concerned about the impact of imports on the local lumber industry. He wants to know if there are any countries that export lumber to Canada and if there are any trade agreements in place. The Minister is also interested in the prices of imported lumber and how they compare to the prices of locally produced lumber.

## Overheated Stove Blamed Mackey Warehouse Fire Damage Estimated \$4,500

A fire that broke out in a warehouse on Mackey Road in Lindsay last night was caused by an overheated stove. The fire started in the kitchen area of the warehouse and spread to the rest of the building. The fire was caused by a stove that had been left on for a long time. The fire was caused by a stove that had been left on for a long time. The fire was caused by a stove that had been left on for a long time.

## Peterborough TV Applications Deferred

The City of Peterborough has deferred the decision on applications for new television stations. The city council has decided to wait until after the next election before making a decision. The council is concerned about the impact of new stations on the existing stations in the area. The council is also concerned about the cost of new stations and the potential for competition. The council is also concerned about the cost of new stations and the potential for competition.

Yes, the new GMC is ready to go—ready to bring you new heights in pulling power, carrying power, and staying power. It's handsomer too with its massive redesigned front end, new headlight spacing and driver-planned cabs.

But this year the GMC story is truly a power story. In over 50 models you can choose from the widest range of engines, transmissions and axles on the market. From this brilliant range of power units you can get the exact combination to haul your specific loads with the highest efficiency.

And though new efficient power is a big feature it is just one of the many which makes GMC outstanding.

standing. There's over 70 new features in all—and every last one is designed to give higher performance, greater profit, greater comfort and convenience. Nothing has been overlooked in the forward march to bring you a truck that's filled with power, that's built to take the heaviest loads over the roughest ground and come back for more. Ask your dealer to explain the brilliant, new advances that can be yours in 1954. You'll see immediately how they'll mean great new benefits to you in your business. Then choose the one model in 30 that's exactly right for your requirements and be ready to go for more profits in every trucking job.

Then choose the one model in 30 that's exactly right for your requirements and be ready to go for more profits in every trucking job.

Here's the feature you've been waiting for. The 9300 and 9400 series now have a new Hydra-Matic transmission which eliminates clutch and gear shifting. It also selects the right gear for any load and any condition.

Now you can carry sand or grain loose in the pick-up box with no leakage. And the boxes are deeper this year, giving a lower loading height. Even the tail-gate is stronger with new safety catch that eliminates rattles.

You get a wide choice of GMC engines. And all of the valve-in-head design which has won fame over the years. The Thrifmaster and Loadmaster engines have been increased from 108 to 112 horsepower.

With this amazing optional feature, the driver floats over bumps with no harsh jolts. And for extra comfort, the seat is fully adjustable so the driver can select the best driving position.

### Successful Crokinole Party

The largest crowd of the season, close to a hundred at Jack and Lorna Wilson's for another crokinole tournament, was held at the home of Mrs. Fred Stinson and Percy Prentiss over the crown and ball. Linda Roman took home the other "new" prizes from this children's party.

Monday saw Messrs. Fred Stinson, Harvey Maholin, Ralph Maholin, Clarence Page, Howard Maholin, Dave Wilson and Bert Gilson, who were taking part in the curling match in Blacklock.

Mr. Charles Vine and Miss Truly Paulston, Port Perry, spent Saturday evening with Mr. and Mrs. Fred Stinson.

Little Miss Carole Stinson is spending several days in Bellamy with Mr. and Mrs. Ernest Stinson.

Mr. and Mrs. Wilbert Maholin visited Mr. and Mrs. Harold Pomonis, Burnhamsville, through the week.

Congratulations to Mr. and Mrs. Gerry Brown and Gary who moved into their new house on Monday. Their many friends in the community join in wishing them many years of happiness there.

Mr. Ray Huskin, Toronto, was a weekend guest of Mr. and Mrs. George Heslop.

Mr. and Mrs. Percy Prentiss are leaving this week for a Florida visit. Mr. and Mrs. Valon Wilson and family, Toronto, and Mrs. Cecily, were Sunday guests of Ruth and Dave Wilson and also visited the Jack Wilson's.

Mr. and Mrs. Ken Snyder and the Cliff Snyder's, Toronto, have been recent guests of Mr. and Mrs. Hugh McNeil.

Mr. and Mrs. Harold Stinson were Sunday evening dinner guests of Mr. and Mrs. Bob Stinson, Latta.

Mrs. Stinson, Fleming, Mr. Gordon Fleming, Mr. and Mrs. Harold Fleming, Hillhead, and Mr. and Mrs. Maurice Nesbitt and Mrs. Nesbitt, were Sunday with Mr. and Mrs. Geo. Heslop.

Mr. John Stinson, Bethany, Mrs. Clarence Page and Mrs. Fred Stinson were guests of Mr. Howard Maholin on Monday night, while their husbands called.

Mr. and Mrs. Ralph Maholin and wife were Sunday visitors at the home of Mr. and Mrs. Fred Stinson.

Mr. and Mrs. Douglas Jackson and Mr. Alfred Jackson, Brooklin, visited Mr. and Mrs. Ken Brown on Wednesday.

Mr. and Mrs. Rae Maholin, Janesville, Mrs. J. P. Henderson and Murray, Bethany, were guests of the Ralph Maholin's of Saturday for Cery's second birthday.

Mr. and Mrs. John Grandy and Mr. Bill Grandy visited Mr. and Mrs. Art Brown on Sunday.

Mr. J. Evans was a Thursday visitor of Mr. and Mrs. Jack Wilson.

No school was held on Monday because Mr. Bailey was ship of a curling team in the Blacklock region.

Mr. and Mrs. Geo. Wilson spent the weekend in Portborough with Mr. and Mrs. W. Henry.

Mrs. Ralph Maholin was a guest of Mr. and Mrs. George Jansz, Burnhamsville, for tea on Friday afternoon.

Mr. and Mrs. John McCabe visited Mr. and Mrs. Wm. Graham and Mrs. Graham St. at Lindsay on Sunday afternoon and on Sunday evening Mr. and Mrs. Larry Bell and Neal, Orono, and Mr. and Mrs. Murray, Shaw and Mary were the weekend guests of Mr. and Mrs. Bert Gilson and Mr. Ralph Maholin attended a directors' meeting of the Durham County Medical Co-op at the home of Mrs. Gordon Stinson, Bethany, on Tuesday evening.

Mr. Jack Archer and his sister, from Port Hope, visited the Dave Wilson's on Sunday afternoon and Mrs. A. McCabe returned to Port Hope for a week's visit.

Muskies win 3-1...

Declare Saturday's Game One of Season's Best

Revere Muskies and Lakeside Tumblermen put on what observers called the best game of the season on Saturday night at the Kitchissippi arena, with the Muskies winning 3-1.

Muskies outlasted Revere's play and played well for the win. Bob Harding offensively hit the advantage on territorial play. Revere played a sparkling game, but a blunder about 45 minutes into the game set the tone. The game was tied 1-1 after 20 minutes in the thrilling contest.

Revere's defense was the theme for the second when after an injury to Revere's defense, the Muskies hit with Billy Hicks with a goal and an assist each. Green Grown Grown scored the winning goal.

Ken Kelly, Les Tennesser manager of the Muskies, said the Muskies were very effective in killing off penalties with his force.

For the Tumblermen, all four players had a hand in the game. Cam Watson scored their only goal on a three-man breakaway, while Revere's defense was unable to stop the attack, getting through on several occasions.

Revere Muskies and Lakeside Tumblermen scored a scoreless period in the second half. The Muskies scored on a three-man breakaway, while Revere's defense was unable to stop the attack, getting through on several occasions.

Lakeside scored on a three-man breakaway, while Revere's defense was unable to stop the attack, getting through on several occasions.

# 100 Turkey Growers Attend School Sponsored by Victoria Farm Supply

**Agriculture Subject Of Talk By Mrs. T. C. Graham**

Penins Pals 1983 -- Penins Pals W.I. entertained the Barry Gordon W.I. at their January meeting, which was held in the community hall for a good attendance. Mrs. Scott presided and with Mrs. K. H. Morgan as the guest, the meeting opened by singing the Ode and prayer by Mrs. K. H. Morgan. The guest speaker was the Ode and prayer by Mrs. K. H. Morgan. The guest speaker was the Ode and prayer by Mrs. K. H. Morgan.

Mrs. Graham gave an interesting, informative talk on "Agriculture," which she designated as "The present of Canadian Industries because the present of the country depends on the purchasing power of the rural people. While much has in Canada is not suitable for farming, there is approximately 27,000 square miles of suitable land. The first farmer to come to Ontario was a Frenchman who settled near Quebec in 1603. Later, the United Empire Loyalists came to Ontario and the first settlers arrived in 1793. The first farmer to come to Ontario was a Frenchman who settled near Quebec in 1603. Later, the United Empire Loyalists came to Ontario and the first settlers arrived in 1793. The first farmer to come to Ontario was a Frenchman who settled near Quebec in 1603. Later, the United Empire Loyalists came to Ontario and the first settlers arrived in 1793.

Following Mrs. Graham's talk, the audience was favored by two delightful instrumental bands members by Messrs. Jim and Bill White, Murray Whitehead and Bob Young. The secretary, Miss McKean, read the minutes of the December and January meetings and the correspondence which included an interesting letter from the South correspondents and a letter of thanks from the Institute for the Blind. On motion of Mrs. Gordon and Mrs. Warren, the visit fund, announced to be held in the Community Hall. Mrs. Scott stated that the fund for Lindsay Hospital has reached almost half the objective. The W.I. are hopeful a fund for March will be raised. The next will be served. The February meeting will be a pot luck supper and Valentine's party in which husbands and friends are invited.

The next will be named by naming a vegetable beginning with the first letter of member's surname. Donations for the summer fair are also received and tabulated by Mrs. M. G. Gie. Gie will be assisted by Mrs. J. H. Mackay. Mr. Barrett conducted an interesting "aerobically" based on Mrs. Graham's talk.

The meeting closed with the March benediction. While refreshments were being prepared, Mrs. K. H. Palmer conducted an interesting

## Louisa Parkin

Valencia 1983 -- A life of untalented and service for others came to a peaceful close when Louisa Parkin, beloved wife of John Keener Parkin, passed quietly away early Monday morning, January 10, 1984, at her home, near Valencia, and joined the ever widening circle of friends who have gone on before.

The deceased, the daughter of the late Josephine Compagnone and Chalcote Dewar, was born near Oakton on September 21, 1874, and spent her early life in Oakton, Little Britain and Valencia communities. Following her marriage on December 16, 1903, she took up residence in her home on the shores of Lake Simcoe, where death came to her.

Although Mrs. Parkin had been in failing health for several years, it was not until Friday evening that she reluctantly consented to give up all earthly duties and return to her home where her earthly care, cheerful conversation and active imagination added much to their enjoyment.

The loss will be in her home and was interested in the church in music and reading for herself and those around her. She was most pleasant in the love of beauty which she kept alive in her heart. It was not unusual for her to draw the attention of those in her household to the glory of the sunset glow on the waters of the bay, the shimmering paths of moonlight on the water, fleecy clouds in the sky, a bird's lone flight and the early grandeur of the elms which grew near her home and forested the water's edge. Pensive cattle grazing on the orchard and sheep filling down the hillside in the early morning hours were to her the most beautiful of pictures.

The funeral service, from Valencia United Church, which she had faithfully attended, will take place, permitted, since she was transferred to it at a bride 56 years ago, was conducted by her pastor, Rev. J. M. Thompson on Wednesday, January 11, at 2 p.m. in the service, Mrs. Parkin's funeral service was conducted by her pastor, Rev. J. M. Thompson on Wednesday, January 11, at 2 p.m. in the service, Mrs. Parkin's funeral service was conducted by her pastor, Rev. J. M. Thompson on Wednesday, January 11, at 2 p.m. in the service.

Interment took place at her home, near Valencia, where she was buried. Mrs. Parkin was a member of the Valencia Community on the shore of Lake Simcoe within sight of her home.

She leaves to mourn her loss her loving husband and one son, Robert, at home; two sisters, Mrs. John Gordon and Mrs. James Robinson, a brother, Mr. William Compagnone, two nieces, Catherine and Margaret Gordon, all of Oakton, and Mrs. Allan Bradford of Valencia, who has been in her home since Mr. Parkin suffered a stroke in August, 1983.

Final tributes expressed in their earnest, beautiful way love for the departed and sympathy for the bereaved.

Relatives and friends from a distance were: Mrs. Daniel Oliver of Blackwater, Mrs. Allan Oliver of Blackwater, and Mr. and Mrs. Clifford Thornton and Mr. and Mrs. Ellen Hare of Cambridge, Mr. and Mrs. James Gordin of Venetia, Mr. and Mrs. Allan Peters of Port Hope; Mr. Eric Gordon and Mr. Arthur Webster of Frenchtown.

Mrs. Parkin's pleasant smile, her thoughtfulness for others, her respect for the best in life will long be sadly missed by her friends and relatives but in her home where loved one will be sadly reminded of her, the loss will be the greatest. Be to them, the deepest sympathy of the community is extended.

"Be it not, but she is with the faithful."

That she out loss and every sorrowing heart and loved one gone before.

And God Himself, her Saviour and her King, she has in the work that she has done.

Take up the song where she has laid down the strain.

No journeying ill we reach the heavenly home.

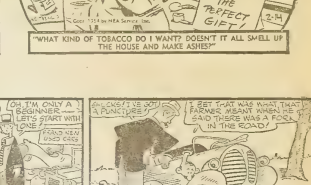

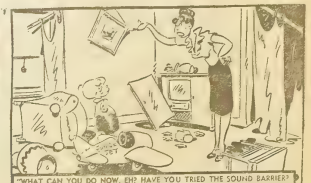

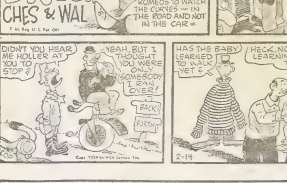

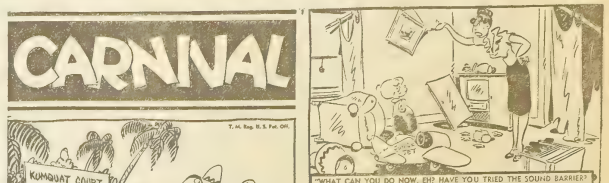

Where not loved one will be found again."

**Louisa**

Man is the only creature endowed with the power of laughter; he is not the only one that deserves to be laughed at -- Grosvenor.

**Laughter**

Four things belong to a Judge; to hear courteously, to answer wisely, to consider soberly, and to decide impartially. -- Docrates.

## Rear Wheel Comes Off, Car Tipped, Killed Driver

### Fell Tree, Bear, 3 Cubs Inside

ROY ROBERTSON WITH BEAR; BEVERLEY ROBERTSON WITH CUB

**TO THE EDITOR:**—I am writing to you to express my appreciation for the excellent coverage of the recent hunting accident in the Victoria Park area. The article in your issue of February 15th was particularly informative and well-written. I am sure that it will be of great interest to your readers. I am also pleased to hear that the police are continuing their investigation into the matter. I hope that they will be able to identify the driver of the car and bring the matter to a satisfactory conclusion. I am sure that the public will be interested in the results of the investigation. I am also sure that the police will be able to identify the driver of the car and bring the matter to a satisfactory conclusion. I am sure that the public will be interested in the results of the investigation. I am also sure that the police will be able to identify the driver of the car and bring the matter to a satisfactory conclusion.

## DRIVER HOSPITALIZED AFTER FREAK MISHAP

A driver of a 1951 Buick Wildcat was hospitalized after a freak mishap in which the rear wheel of the car came off and the car rolled over onto its side. The driver, a man named Roy Robertson, was taken to the hospital and is now recovering from his injuries. The accident occurred on a road near the Victoria Park area. The car was traveling at a high speed when the rear wheel suddenly detached and the car rolled over. The driver was thrown from the car and sustained serious injuries. The police are investigating the cause of the accident and have not yet identified the driver of the car.

MAKING IT EASIER TO GET HELP...

How many citizens would prefer to have just a single telephone number to remember when the need for emergency services arose? Wouldn't it be much simpler than trying to remember which number was which, checking with the telephone book, and all the while wasting precious time?

If you like the idea of a single, easy-to-remember emergency service telephone number why not pass the word along to members of Council who could work out such an arrangement without too much difficulty.

## IMMIGRANTS AND JOBS

Immigrants take jobs, certainly, but they also make jobs. They need houses, furnishings, food and all the necessities of life, as well as some of its luxuries. The immigrant has a job is both a producer and a consumer. In the present Canadian economic set-up he is not likely to be able to work for less than anyone else, and his children will quickly make sure that he does not live more economically than other men with similar jobs. If he succeeds in earning his living, he is at least paying his way; if he thrives, he will in time create jobs for other people.

On the average on this globe of ours, every day there are 70,000 babies born in excess of the number of persons who die. During 1953, the population of the world was enlarged by 25,000,000.

That spells one eventually: earth people are going to be forced to increase the production of food in a radical manner, and do it in a hurry. At the moment, a branch of United Nations is trying to cope with the problem of hungry people. But the main effort of the world body is to produce peace through the heavy production of defensive weapons. Perhaps if the emphasis were shifted from bombs and guns to rice and flour, peace might come earlier than many are hoping for.

Nor, the next step is to get the people bubbling and excited. The reason for this is that the cat show is about to begin. This is the show The Great Kitten Division, Class 3-B-P. The judging, like the Dry Martini, works in peculiar ways. It all begins with the cat standing on a platform and says in a dramatic voice: "I am a Siamese - get the cages ready!"

At this point, a little lady in a red dress comes on the platform and says: "How beautiful she is about the success of the cat show She introduces a lady in a blue dress.

Since some of the cats seem to possess these attributes, Savvy deadlines run in the 70 and end in the 80. He announces his desire to see the cat show. He says: "I am a Siamese - get the cages ready!"

First number 28. Second 31. Third 25. He then takes blue, red and yellow ribbons on the cat show of the winning cat.

The cat contractor to look up increased and unhappy.

Some of the people also look up and happy.

However, the reporters do not look out for a hair of the cat that bit them. -BUP

Vice-President Cairns Lee; Secretary Treasurer, S. D. Vaughan; Directors, Albert Clancy, John E. Mott, Harry Griffin, Vernon Larsen, Stan To-Pu; shipping committee, Victor Williams, Wes Wilson, L. Griffin, Arthur Pogue, Jr., Clifford Fee; and auditors, Vincent Lee and Wm. Weir, make up the rest of the executive.

It was decided to hold a banquet again this fall and to advertise the weigh scales for sale. Members' fees will be one dollar per year.

The next meeting will be held at the home of Mrs. Jack Sims.

# Mrs. C. Douglas Gives Reading At Ladies Aid Meeting

Gleamers (PNS) - Members of the Ladies Aid met in the church for their February meeting with a splendid award attending this evening meeting. The president, Mrs. Fred Weaver, presided at the meeting with singing of hymns. The devotions were taken by Mrs. Linden Bludner, who chose a portion of St. Luke's Gospel for the Bible reading. Followed by a commentary on the chapter, after which Mrs. Corrie Lawrence led in prayer.

Mrs. Arlene Clark was greeted and favored with a much appreciated musical number, after which Mrs. Clifford Douglas gave a wonderful thought provoking address. "Remember Trifles," "Dress events may make enormous difference, but it does not make us great in life and fact we must not overlook the fact that the little things in life are the great men's life. A word of appreciation is a smile might, sometimes words that draw a shrug of the shoulders may darken it in fact, though the little smile and the larger will look out for themselves."

Mrs. Linden Bludner, treasurer, gave report of the financial condition of the committee. It was from whom she had received \$10.00 in dues since the last meeting. A gift had been purchased as a remembrance from the ladies for George Brown, who is in the very late future will be making her home elsewhere. The treasurer also brought the Birthday Box to the meeting for the ladies to put in the equivalent in money of that gift.

Mrs. Clifford Douglas, secretary, read the minutes of the January meeting and called the roll, which was answered by a goodly number. Mrs. Arlene Mickey gave her approval. The secretary read a number of letters of appreciation from Mrs. M. Macdonald, Mrs. Gordon Nicholson, Mrs. Tom Black, Mr. D. J. Nicholson for treats of fruit, and Mrs. D. N. Gieseler for flowers and a George Brown acknowledgment.

Mrs. Gladys Macdonald, who is a 4th grade vocal solo, "Land on the Cross," by Mrs. M. Macdonald, gave a fine presentation. Considerable business took place. After much controversy, it was decided to discontinue the "Winter Outlets" and possibly have some function at a later date. The evening was closed with motion of Mrs. Mac Morrow and Mrs. Stuart Morrison, Mrs. Bill Jamieson and Mrs. Orestis McKim. Mrs. Arlene Mickey was asked if they would purchase a picture of the Queen in not to be at the front of the church. The little in charge.

The meeting for February was Mrs. Clifford Douglas, Mrs. Linden Bludner, Mrs. Will Menzies and Mrs. for the March meeting Mrs. Arlene Mickey, Mrs. Corrie Brown, Mrs. Stuart Morrison and Mrs. Roger Menn.

Mention was also made of a lady's birthday earlier in the month and for the ladies to be in mind to send a card from the society. With the singing of hymns the meeting was brought to a close by repeating the Mission Benediction.

"Post" Want Ads Pay

# Argyle

A number of the ladies attended the Lady Currier's Bungalow held in the Woodville circuit rink on Monday. All report having a good time.

A social evening was held in Argyle School on Tuesday evening. All enjoyed a social time. A game of bridge and a game of the puzzle craft were on display.

A number of the ladies attended the Presbyterian meeting of the W. M. S. held in Lindsay on Tuesday. Mrs. Irene McIntyre, Mrs. Douglas McIntyre and Mrs. Annie Burdett attended the Golden Wedding celebration of Mr. and Mrs. Spence, of Lindsay.

Mrs. and Mrs. Ross McGill and family, of Channing, visited on Sunday evening at Jack Beach with the former's grandparents, Mrs. James Ross.

The Lorneville-Arge Week of the W. M. S. held their February meeting in the form of a euchre party in the Lorneville hall on Thursday. A good time was had by all.

A number attended the hockey game between Woodville and Cobouk in Cobouk on Wednesday evening. Woodville were the winners.

Several of the young people enjoyed the monthly meeting of the Woodville Junior Farmers on Tuesday evening.

A large crowd attended the Annual Sale of Farm Stock and Implements at Mr. Hutter's farm on Tuesday afternoon, at Kildon.

Mr. L. H. Harker, spent the weekend at the home of his parents, Mr. and Mrs. John Harker.

A large crowd from the district attended the Pacer Dress Carnival at the Woodville Museum Acres on Friday evening, sponsored by the Woodville Junior Farmers. All report having had an enjoyable evening.

Miss Rachel Macdonald and Mr. Peter Reine were visitors to Lindsay on Friday.

Congratulations are extended to Mr. Warren Matheson of Lindsay on celebrating his 50th anniversary with A. and P. Food Store. He is the head of the Meat Department.

A number attended the hockey game between Woodville and Channing at Woodville on Saturday evening.

Several attended the Golden Wedding celebration of Mr. and Mrs. Gordon Nicholson, of Channing, on Sunday.

Mr. Gerald Brown has returned home from a recent trip to Miami, Florida, U.S.A.

Mrs. Peter Macdonald and family visited of Tuesday afternoon with her mother, Mrs. Jewell, of Woodville.

Mr. Morris Hurten, of Lindsay, spent the weekend at the home of his parents, Mr. and Mrs. A. D. Hurten.

Attended Farmers Union Meeting. A number of farmers from the district attended an Ontario Farmers Union meeting in the Town Hall, Woodville, on Wednesday evening.

Speakers were Mr. Rodolph Thibault, Director of Extension, Farmers Union; Mr. Albert Corns from Arthur, Ont.; Director of Ontario Farmers Union; and Mr. Walter Miller, of Chatham, Ont.

# Joint Meeting Held At Home Of Mrs. H. Hopkins

Gleamers (PNS) - The February meeting of the Ladies W. A. and affiliate W. M. S. met at the home of Mrs. Harold Hopkins. Mrs. Cecil Chambers conducted the devotional period and had charge of the study book.

The meeting opened with the singing of hymns and the reading of the Bible. The reading of the Bible was taken by Mrs. James Wilson and Mrs. Cecil Chambers. The reading of the Bible was taken by Mrs. James Wilson and Mrs. Cecil Chambers.

Mr. and Mrs. Bill Barry visited with their daughter, Mrs. Van Staple of Peterboro and also with their new grandson.

## Gooderham

Mrs. Allan MacMillan spent a few days at Peterboro. The treatment received there are doing her much good. It is to be hoped she will soon be in good health again.

Mr. and Mrs. Thomas Smith and son, Dale of Blackstock, were here a few days with Mr. and Mrs. O. W. Burr and family.

The ladies are processing shirts with the quilting held in the Community Hall on Wednesdays.

On Thursday afternoon, the Friendship Circle enjoyed themselves at the home of Mr. and Mrs. Orval Hattie. The ladies, in a very friendly manner, made the ladies welcome and a lunch was served.

Miss Marion McCall, of the Peterboro Bell Telephone, spent the weekend at the home of her parents, Mr. and Mrs. Thos. McCall.

The pupils of the school as usual enjoyed the Valentine parties.

Mrs. Alice McCall of Toronto, spent the weekend with her son, Donald and parents, Rev. and Mrs. A. C. MacLean at the Manor.

mail boxes were packed with Valentines. It is always a great day for the little one who are invited to go with and become acquainted before commencing school.

A number attended the kindergarten hockey playoff and enjoyed a good game. The Hamilton County team won 3-1.

Ladies Guild Meets

The Ladies Guild of the St. John's Anglican Church met at the home of Mr. and Mrs. Ivan Ruster on Friday evening, with a good attendance. Rev. Mr. McFarlane, Kingston, pastor was present and a suitable evening was enjoyed. The congregation are planning to erect an Anglican Church in the community. This will be a considerable worthy undertaking, but values are extended to the new project.

Mrs. Sarah Cope has been on the sick list. Her many friends wish her a speedy recovery.

Visitors from Oshawa, Mr. Francis Lewis, Mr. Fred White and Mr. Earl Johnson.

Mr. and Mrs. J. B. Hatcher visited in Lindsay on Saturday.

## SPECIFIC RECOGNITION OF UNION THREATENS TO SNAG AGREEMENT

[illegible]

They are assigned at the end of a few weeks, and then replace native-born residents on city pay-roll.

Gardiff recommended that the government amend the law to require agricultural immigrants to stay on their farm jobs for three to five years.

**BONUS**

In Toronto, Ontario Welfare Minister William Goodfellow said last night that the Federal government should take full responsibility for the relief of the nation's jobless.

He said in a radio broadcast that should there be any large measure of continued job shortage, the immense revenues and resources of the federal authority must be brought to bear in finding a solution. —BUP

### "Now I Know Where They Get the 'Bow' in Bowmanville"

The gathering were pleased to hear a new male quartette, Ronald Swain, Glenn Horden, Jim Trotter and Olan Jenkins, in a well-rehearsed rendition of "Jesus, Thy Dying Hour."

**TINY COUNTY**

Clackmannan, smallest county in Scotland, is 10 miles long and four miles wide.

**Hel Defence**

Barley on houses in Mediterranean countries were first built so boiling oil could be poured or attackers.

**Commons.**

Mr. Hodgson writes:

"In answer to my question regarding the Miller of Tarry and Commerce gave the following figures to the House: One hundred and fifty six vessels loaded with grain for storage purposes wintered at the head of the Great Lakes in 1910. Tarry containing—

12,101,370 bushels of wheat.
18,919,320 bushels of oats.
6,406,071 bushels of barley
6,000,000 bushels of rye
497,748 bushels of flax

"Add to this all the elevator traffic from the head of the Great Lakes

Lakes have been cut approximately seven cents per bushel. This should encourage some of our over-cultivated farmers to move westward, and if it does, it will assist the operation of our railroads and the Lindsay railroad center.

"Prices of wheat at the best of the Great Lakes at present are:

No. 1 Northern	\$1.79 per bushel
No. 2 Northern	\$1.75 per bushel
No. 3 Northern	\$1.71 per bushel
No. 4 Northern	\$1.68 per bushel

and down to \$1.57 per bushel for feed wheat."

Have a very busy week! Tomorrow night and are set for Monday night and are set for Tuesday night in order to meet tonight at 8 o'clock for the 1954 trial, when the first next Monday, when will again be meeting.

Commented Chairman since Malvern: "... (TV) hitting for the same rate year - 50 - 50 mills - but as along, you put your hands on the 50 - 50 mills, we only have control of 50 percent out of the 150 per cent way."

may be that the town, though the bridge was actually a County of Victoria project, two malices had been left in Lindsey's hands. They were the extra sidewalk the town had requested on the bridge's west side, and the street lighting.

He said, Harbo Marine had the lights. He said they could be replaced, either by council or by the town. He said he would like to see the town take the lights and lease them to the town.

As stated, Deputy-revealed that he had no connection with the lights. He said he was a member of the town council, but he was not a member of the town council after Mr. Stevens had been elected. He said the town council must be hasty, and he said that the proper light on the bridge, which would give the best light available

re 20% by  
million two  
iration.

**\$2.00** per year in advance in  
Victoria, Haliburton, Durham, On-  
tario and Peterborough Counties  
**\$3.00** to outside points.

## Town Stands Firm In Decision To Withhold Extra H. S. A. Mill

461,768 bushels of flax

Prices of wheat at the head of the Great Lakes at present are:

No. 1 Northern	\$1.79 per bushel
No. 2 Northern	\$1.75 per bushel
No. 3 Northern	\$1.71 per bushel
No. 4 Northern	\$1.65 per bushel

and on down to \$1.57 per bushel for feed wheat."

# That Body of Yours

By James W. Barton M.D.

**Atomic Energy Booming**  
**A Benefit To Mankind**  
No one ever wants war, but the threat of a war's ravages makes us feel that no good could ever come of it. However, with war has come the discovery of how to split the atom and with this great power have available medical and dental research workers are now better equipped than ever before to fight disease.

In New Release of the American Dental Association, we learn that atomic energy has provided new tools of research that point the way to vast new knowledge of tooth structure, dental disease and dental treatment.

There are five reports on new dental use of radioactive material in the current issue of the Journal of the American Dental Association, which points out that research projects in the field have been completed or are in process in 37 institutions, including dental schools, the National Institute of Dental Research and institutions of the Armed Forces. Some 21 radioactive compounds have been used to investigate, "So many and varied reports have been received about atomic energy that dental institutions will need to establish radioisotope equipment in the near future. X-ray energy is used in laboratories where graduate students are trained in the use of these new tools of dental science."

In one of these studies reported in "The Journal, Dental X-rays have been taken experimentally without the use of X-ray machine. Research workers of State University, Columbia, have found radioisotopes act as sources of radiation similar to that produced by the dental X-ray equipment. The source of X-rays comes from the central part (nucleus) of certain atoms. "No vacuum tube is required and no high voltage is necessary. These nuclei, of their own accord and without any outside help whatsoever, cause the emission of X-rays whose intensity is directly proportional to the number of nuclei present."

The scientific study that the radioactive X-ray emits are so small that they are invisible to the eye, but the study, thus making it possible to obtain clear photographs that could be obtained by the usual X-rays and to obtain photographs of portions of the body without the use of X-rays. This is a very considerable improvement for X-ray detection.

Atomic research workers studying atomic energy for use in medicine and dentistry in all types of institutions, and medical and dental schools, we can look forward to real benefits to mankind from research which first led to the use of atomic energy in warfare, that is, the destruction of mankind.

**Living A Full Life For Others**  
When we read of what some men are doing with their lives, even if we are busy with our own life affairs that are of some help to others, we feel that our lives have been almost wasted when we read of such men as Dr. Schweitzer, an outstanding mission and surgeon who is spending his life among African natives who seek his medical and surgical skill. He was recently awarded the Nobel prize. I have heard of Dr. W. G. Lennon for years because of the work among epileptics and have mentioned some of his achievements. I know he is a fraction of his help to mankind. In the June Journal "Travels the life and work of Dr. Lennon, emeritus professor of Neurology at Harvard Medical School, are described. "Dr. Lennon has described himself as the general practitioner type of person without special endowments who works away at a single thing. It is true that he has devoted many years to the study of a single illness—epilepsy—but even a cursory survey of his career reveals the extreme modesty of his claim. Not only is he an outstanding authority on epileptic and migraine seizures (one-sided headaches) and a distinguished worker in neurophysiology (workings of the nervous system), but in 1931 he was joint recipient with Dr. Frederic C. Jones of the Lasker Award. He is chief of the

Seizure Division of the Children's Hospital in Boston, a prolific author and active editor, and a former foreign missionary in the Far East. He has received several degrees, including the Fellowship at Harvard. In 1918, accompanied by his wife and two children, he went as a missionary to China where for four years he served on the medical staff of the Rockefeller Foundation Medical College. Although illness in his family compelled him to return to the United States, his interest in foreign missionary work persisted as witness his monograph, "Health and Turnover of Malaria," and a survey for Lasker's Foreign Missionary Society Missionary Efforts in China and Japan."

Dr. Lennon gave many years to the study of brain movements in epileptics and others, including an analysis of the records of 4,000 epileptic patients and the effectiveness of various anticonvulsant drugs. Observing the thoughtful aspects of the epileptic by the general public and the medical profession, Dr. Lennon served for 14 years as president of the International League Against Epilepsy and in 1929 organized a lay society now known as the National Epilepsy League. He is National Consultant in Epilepsy to the Veterans Administration and Responsible Investigator for the Veterans Epilepsy Center in the Boston Veterans Hospital.

"One of the best of the new qualities which have enabled Dr. Lennon to make such great advances both in medicine and social aspects of the problem of epilepsy is his ardent desire to be of service to the community. "Having written 210 medical articles and a book on epilepsy for the layman (Science and Seizures), Dr. Lennon is preparing a book which will summarize 35 years of research on convulsive seizures and their treatment. Such a life commands our deepest admiration. "Companionship: Keep good company and you shall be of the number—Proverb

## Bible Thoughts

Impenitent have destroyed God's command again and again. If a sinner be on God's side, I will call up against Babylon. —Jeremiah 51.

God might do that but God himself cannot deliver the ungodly man from his own misery and sin-conscience. Deliver me from the deceitful and unjust man. —Ps. 131.

## On The FARM FRONT

**Prepare Basic Manure**  
The Maritime Fertilizer Council has prepared a number of leaflets on pasture management for the farmers of Maritime. The Council realizes, of course, that good pastures can result in increased income to farmers, — and here are the rules: Put a long-term pasture, one should select the very best land with good soil, and so on to the drainage and water supply as well as the fencing is convenient and cheap, rotational grazing is one of the three fields will assist materially in keeping a good sward and allow white clover to go to seed. This is a good practice in case of severe winter killing. Complete fertilizers containing of nitrogen, phosphorus and potash are generally necessary. Should be used extremely and not at convenient time but in the autumn or early spring, a top dressing of lime should be applied, — preferably in the Fall. It is much better to treat a good soil with fertilizers and by harrowing, then to plow and reseed it for pasture purposes. If the seed is good, there is no question. Perpetuate at least half an acre for each full-grown animal. Keeping the grass well kept early in the season will encourage white clover to develop in place of poorer grasses, — thus increasing the nutrient value of the herbage and making the late summer pasture better. On naturally dry soils, if fresh water is handy, it often will pay to install a spray or other irrigation system. Do not overgraze late in the Fall as strong gusts will make later early pasture the next spring. Shovel in the pasture and protection against flies should be provided. Grazing on oats soon as a nurse crop to clover and timothy has been found an excellent supplementary way yielding for part-time grazing without injury to the new sward. An acre of oats fertilized at seeding time with 400 to 500 pounds of high nitrogen fertilizer such as 12-12-8 or 5-15-5 should give a new or low daily grazing for six or seven weeks when oats are 10 to 12 inches high for a period of at least two weeks. Resourceful Farmer Invents Labor and Time An American farmer has proven by his short on roundabouts, — and has used up with a list of inventions designed to save time and work. Included in the list is a device for unloading corn from a wagon to eliminate shoveling. He also has built a grain dryer that keeps corn from moulding, — also a modern corn crib complete with grinder and a special bin that fills being almost automatically. He made a motor-driven feed bin elevator, — and a device for making out four pigs. The farmer-inventor also has made a guaranteed steam boiler that cleans the tractor and truck underneath. The equipment, in the machine shop of Clarence Ragsdale also explain him to be the built of his typical work himself. It includes, besides, the hand tools usually found in farm shops, a big table for metal and woodworking, — a power press, — scribbles and a soldering, a bed room, — and an industry of growing importance in the Fraser Valley in bee keeping. More than one-hundred apiculturists exist in the valley at the present time, with 25-hundred colonies averaging 70 pounds production per colony. The area has an inspector of apiculturists, — under the British Columbia Department of Agriculture who works on behalf of the bee keepers. Honey-producing regulations first were put into effect during August of 1931. There is a fully modern honey-extracting plant at New Westminster. The Technicians of the Department of Agriculture have prepared film on apiculture for many and sent to bee-keepers — B2P
